Committee Named To Honor Coach Bragg

Lyle N. Garrette, Stonewall district member of the Appomattox County School Board, was elected chairman Friday to succeed T. DeWitt Evans, long-time member and chairman of the board who resigned at the end of his term July 1. His successor, Dr. A. A. Fratrick was welcomed to the board and a full agenda of topics considered, including plans to honor the career veteran coach Gordon H. Bragg.

The board requested school superintendent Earl J. Smith to have the Appomattox County Education Advisory Committee draw up plans for a suitable honor and occasion to mark the more than 22 years of teaching and coaching by Gordon Bragg.

Supt. Smith showed the board an evaluation sheet proposed for use to "improve instruction".

Each instructor in the school system will be evaluated by his principal, he said, and then will be invited for a conference to discuss both strengths and weaknesses of his teaching procedures.

Supt. Smith also informed the board that additional insurance coverage will be available to pupils through a dental insurance plan in effect 24-hours a day with a premium of just $3.00 per year.

Two teacher appointments were approved; Mrs. Cynthia Richardson Megginson, home economics and Miss Betty Jo

Polling Place Named For Leaf Referendum

Chap Voting Precinct has been designated as the polling place for the flue-cured tobacco referendum being held on Thursday, July 16, between the hours of 7 a.m. and 7 p.m.

All growers 18 years of age or older who share in the 1970 flue-cured crop or its proceeds are eligible to vote. Where no tobacco is produced in 1970 on a tobacco allotment farm, only the owner and operator are eligible.

Acreage - poundage quotas have been in effect since 1965. Flue - cured tobacco growers must now decide whether or not to continue the program.

If two - thirds or more of the votes cast are "YES", the quotas will continue in effect for the 1971, 1972, and 1973 crops. Growers may carry undermarketings from a short crop over to the next year. They also may market up to 10 percent over the farm's poundage quota, penalty-free, by deducting the difference from the next year's crop. A penalty will apply to marketings over 110 percent of the farm's poundage quota. Price support on up to 119 percent of the farm's quota will be available to growers who produce within their allotment acreage.

If more than one-third of the vote is "NO", there will be no marketing quotas and no price support in effect for the 1971 flue- cured tobacco crop. No limits will be put on production of flue-cured tobacco.

If marketing quotas are rejected in this year's referendum, another referendum will be held next year. If quotas are continued, the next referendum will be held in 1973.

Rawlings Leads Vote In Tuesday's Primary

Former state legislator George C. Rawlings Jr. of Fredericksburg easily led the field of senatorial candidates Tuesday in Appomatox County's Democratic primary.

With eight of the county's 10 precincts reporting, Rawlings was given an unofficial total of 207 votes against 27 for Clive L. DuVal of Fairfax and 26 for Dr. Milton Colvin, Washington and Lee University professor of political science.

Election officials said the two missing precincts, Pamplin and Cheatwood, would not materially affect the relative standings of the candidates in the final count, in their opinion.

Sept. Suggested For Election

The Appomattox County School Board Friday presented a resolution to the Appomattox County Board of Supervisors asking that supervisors adopt a resolution requesting the ordering of an election on the question of contracting a debt and issuing bonds for a new central high school in the amount of $2 million.

Supervisors approved the resolution following a brisk question and answer session with School superintendent Earl J. Smith and Commonwealth's Attorney Harry Gordon Lawson.

Supt. Smith said that the proposed new high school, for which land has already been purchased and preliminary plans completed, will cost more than $2 million – that Vocational Agriculture funds from the state plus funds from the Literary Fund will also be used for construction.

A suggested election date has been made by the School Board for the last Tuesday in Sept. Supt. Smith said that an election separate from the November general election will give the board added time to get bids advertised, provided that the referendum is approved. "If we're going to get a school by 1972 we need all the time we can get," he said.

Commonwealth's Attorney Harry G. Lawson said it is his opinion that "a good selling job" is needed in rural areas of the county, especially among farmers and older voters.

In another matter, Lawson reported to supervisors that he had conferred with a committee of mobile home owners and operators of trailer parks, and that their main concern would be "overtaxation" in order to keep down the number of trailers in the county.

Although no definite action was taken, supervisors suggested that a $5.00 registration fee be included in the proposed ordinance. Supervisor John C. Cole said "We don't want to drive anybody out of Appomattox who's buying groceries and helping with the economy."

Supervisors approved the payment of $2660 for one year's operation of the Central Virginia Mental Health and Mental Retardation Services Board, beginning with the effective date of the Board's program. The CVMHMRS Board has requested the money as part of a multi-county effort to secure a psychiatrist – director to offer services and planning to the area.

Supervisors approved an ordinance creating the Industrial Development Authority of the County of Appomattox.

The Development Authority, with a 7-man board of directors, is considered to be an integral part of the county's industrial development and will work with the Appomattox County Development Corporation.

The supervisors also approved the hiring of W. E. Atkinson as full-time sanitarian. For the past two and one-half years he has served two counties – Appomattox and Buckingham.

At a time when the U. S. flag is receiving a good bit of attention, Sheriff L. L. Stanley notified the board that a broken rope on the flag pole means that neither the state nor the U.S. flag is flying. Sheriff Stanley said the matter will be taken care of very soon. He expects to get the same aid as before when the rope broke – the Appomattox Vol. Firemen bring ladder and fireman to reach the top of the pole.

Leonard C. Garrett was reappointed as dog warden.

The Appomattox Chapter, United Daughters of the Confederacy , was given permis-
